5. After 1 July and before 15 July in the next irrigation year, Water Partners will transfer from the Facilitator's ABA to the Owner's ABA the Owner's Returned Allocation. The Facilitator acknowledges and agrees that there will be a five percent (5%) reduction in the amount of allocation returned to the Owner due to the carryover regulations at the present time and that the amount returned to the Owner will be less than the Owner's Allocation originally transferred.
6. Water Partners will pay the Facilitator the agreed holding fee upon completion of the transfer of the Owner's Allocation as detailed in clause 5.
7. The Facilitator agrees and acknowledges:

 - b. Any allocation quarantined in a Spillable Water Account may be subject to spill until the 'Declaration of Low Risk of Spill' is made.

 - b. Should the Owner(s) fail to provide the volume required to fully utilise the volume purchased, the Owner will be responsible to make payment for the full trade volume to the Facilitator.
11. The Facilitator understands and accepts that by carrying over the Owners' water, where an allocation is determined against the Low Reliability Water Share, the Facilitators allocation may
